

Student Mentors Needed!

Once again, the Chesapeake Chapter is participating in ACE Mentor, program but can currently only support 2 out of the 12 participating schools – more mentors are needed!

Participating Schools:

Baltimore Design School
Benjamin Franklin High School
Eastern Technical High School
Green Street Academy
Maryvale Preparatory School
Mount St. Joseph High School
Mont de Sales High School

New Covenant Christian School
Notre Dame Preparatory
Owings Mills High School
Redeemer Classical Christian School
Seed School
Virtual Cohort

The Chesapeake Board of Directors is asking for Chapter volunteers who would be interested in joining us to promote FM careers to high school students. The commitment would be for 1 - two-hour meeting per week (currently virtual) between now and May 10. Alternatively, the program is also looking for guest speakers to introduce the students to various career opportunities. The Chapter has available an Ambassador career presentation from the IFMA foundation that people can use.

For information on the program, members can contact either:

Jim Loesch at: loescje1@outlook.com or Don Boos Boos at Donald_Boos@troweprice.com or check-out the ACE website at: <https://www.acementor.org/affiliates/baltimore-md/>

Here are resources volunteers can use to get started.
